

Kitty the kitten crochet pattern

Copyright: swecraftcorner, this pattern may not be redistributed, copied or shared

Materials used:

Yarn: Sirdar smudge 2 skeins of white, 1 skein of pink (you won't need all of the pink) 2 skeins of white is just about enough, I recommend buying 1 extra in case the yarn used vary in size and weight.

White cotton yarn for secure sewing of the parts tog

Hook: 3,5mm hook (yes that is correct)

Toy stuffing

Safety eyes diameter 30mm

Safety nose

Eyelashes and eyelash glue (optional, not recommended if a child under 3y is to have this cat)

Scissors

Needle with a large eye

Terms used:

Standards US terms are used in this pattern

Mr – magic ring

Sc – single crochet

Inc – increase (2 sc in 1 st)

Dec – decrease (2 sc worked into 1)

Sk – skip

Pattern notes:

The pattern is worked in the round, Head, ears, body, arms, legs and tail is worked separately and then sewn tog.

The white cotton yarn is used to sew each part tog and create the shape of the face.

Safety eyes and nose is recommended to put in place before stuffing the head, I have not put the eyes in place to be able to show how you sew to get the head shape.

If you are making this cat for a child under the age of 3, I recommend you do not put fake eyelashes on the cat.

When a series of sts is repeated this are written within brackets (-) followed by the number of times it is repeated.

When you for example read (6sc, inc) x 2 that means you make 1 sc in the next 6 sts, then 2 sc in next st, followed by 1 sc in 6 sts, and another st with 2 sc in it.

Pictures to help guide you is available at the end of the pattern, I have made the pattern this way to save you printer ink if you chose to print the pattern and only want the written part.

Thank you for buying this pattern and supporting my small business, I truly appreciate you!
